

## **Exploring Career Choices**

Name:	Date:	
	_	

## **Directions:**

- **1.** Visit the U.S. Department of Labor's <u>Career OneStop</u> and complete at least two of the assessments identified below. Based on the recommendations provided, identify two careers that could be a good fit for you.
  - The <u>Interest Assessment</u> is a quick 30-question assessment that identifies your interests and matches them to careers
  - The Skills Matcher identifies your skills and matches them to careers that use those skills
  - O\*NET's <u>Interest Profiler</u> is a 60-question assessment that measures your interests and shows how they relate to careers
- **2.** Now visit the Bureau of Labor Statistics' <u>Occupational Outlook Handbook</u>. Research the two careers identified in #1 and identify an occupation associated with each. Answer the questions below.

Career Choice 1	Career Choice 2		
Name of the occupation:	Name of the occupation:		
OOH hyperlink:	OOH hyperlink:		
Describe how the occupation fit your skills and interests:	Describe how the occupation fit your skills and interests:		
Identify what will you be doing in the occupation:	Identify what will you be doing in the occupation:		
Identify the necessary education and/or training:	Identify the necessary education and/or training:		

## Wages and Me

Project how much the occupation will grow, decline, or remain unchanged in the future and explain why:	Project how much the occupation will grow, decline, or remain unchanged in the future and explain why:
State the currently number of total jobs filled in the occupation:	State the currently number of total jobs filled in the occupation:
State what the occupation pays and identify what the top 10 percent earns as well as the bottom 10 percent:	State what the occupation pays and identify what the top 10 percent earns as well as the bottom 10 percent:

**3.** Based on your research which of the two jobs is your preferred career path? Why?
