

Using Integers to Find Net Worth Assessment

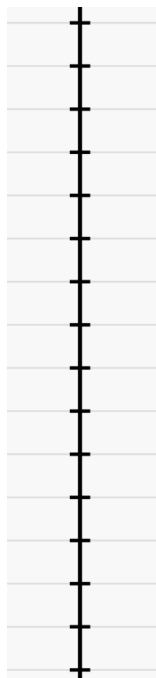

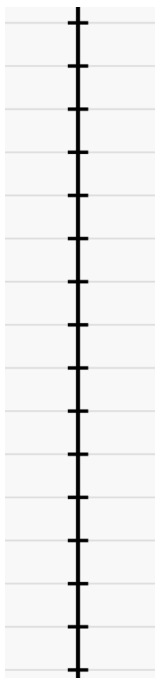

Name: _____ Date: _____

Directions: Complete the integer number sentences and check your answer using the vertical number line.

1. $1,000 + 500 + -500 + -500 =$ _____

2. $1,000 + 1,000 + -500 + -500 =$ _____

- Circle the Assets in the two statements of net worth shown in Problems 1 and 2.
- Use the number line to illustrate both examples of net worth.

- Which of the examples (1 or 2) has the highest net worth?
