

## Introduction to Traditional Economies

1. What do you think would be the most challenging part of having to grow or catch all of the food that you ate? What would be the easiest part of this?

Do you think that it would be easier or harder to do this than buying your food? Why?

2. Would you like to wear clothes that you made yourself? Would it be better to have one outfit that you made yourself or to only be able to get clothes if you made it yourself?

3. Would it be easy to do cultivate your own food and make your own clothes? Why or why not?

4. Do you prefer buying these types of goods and services? Why or why not?

5. Does everybody in the world today buy these types of goods and services?
